- Relational Databases: MySQL, SQL Server, PostgreSQL
- DevOps, Docker, Amazon Web Services (AWS)
- Virtualization: VMware, Hyper-V
- Big Data
- Computer and Operating Systems Administration (Windows, Linux, MacOS)
- Automation, Monitoring, Security, Authentication
- Data Architecture, Data Management, Tools, Data Reporting

Project management

- Waterfall
- Agile/Scrum framework

Core Competences

- Software Engineer
- Software Programs Team Leadership
- Stakeholders Management
- Capability Building
- Team Guidance & Support
- Latest Technology Solutions
- Product Development & Improvement
- Cost & Operational Efficiencies
- Technical Support
- Consultant
- Java 8, Spring
- Relational Databases, MySQL, PostgreSQL
- Microservices
- AWS

Languages

- English – Upper-intermediate
- French – Intermediate
- Arabic – Native
